

Celebrating Our Memories: Glimpses of our Past

The BAFFA Art Gallery would host a month-long, open call, photography exhibition that will celebrate the evolution of our community through the lens of historical photography.

Original "old photography" will be accepted for the exhibition that captures Long Island and New York City, including the Five Boroughs. We want to see vibrant street scenes, long-gone landmarks, or candid moments at businesses, homes, hubs, or events. Images can feature family, friends, strangers and should create a visual dialogue of the impact and importance of photography through history. The goal is to show how our lives have changed and to collectively share our memories of those times, while celebrating history, connection, family, community, and the power of photography.

- **Photographs submitted can be captured by the artist or the artist's family or friends, but must be credited accordingly to the photographer.**
- **Images must be from the years 1900 - 2000.**
- Images can feature people and images that have been stored and unseen are highly welcome.
- Photographers who submit work do **not** have to be an artist or BAFFA member.
